Hello Everyone.

SALSABIL SYIFA AL MAURA

SYSTEM ANALYST | PM | BUSINESS ANALYST

PORTFOLIO.

About Me

Information Systems graduate with expertise in systems analysis and application development, supported by strong analytical abilities and effective communication skills. Experienced in utilizing various system design tools and SDLC methodologies to create innovative, user-centric solutions aligned with business objectives. With my programming skills and application testing capabilities, I am enthusiastic about pursuing roles in System Analysis, Quality Assurance, Project Manager, and Business Analysis.

Dinas Komunikasi dan Informatika (Diskominfo) Kota Bandung |

Jul 2023 - Sep 2023

System Analyst Intern

MY PROJECTS

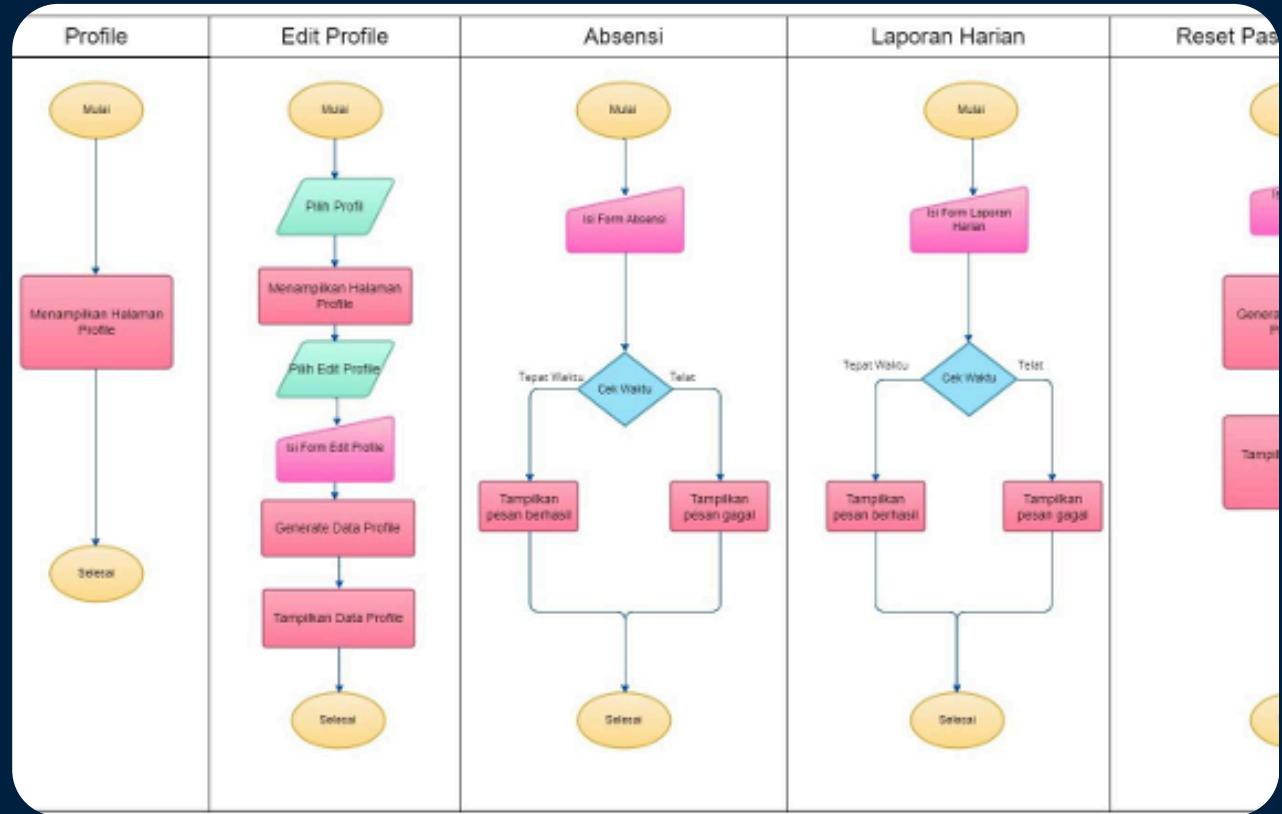

A screenshot of the SIMAGANG website's dashboard for administrators. The top navigation bar includes "HOME", "Dashboard", "MENU", "Kehadiran", "Laporan", and "Intern". The main area greets "Hello Admin" and displays the word "Dashboard". Two cards are shown: one green card for "Jumlah Intern" (2 Anggota) and one blue card for "Kehadiran" (1 Anggota).

Full-stack Development

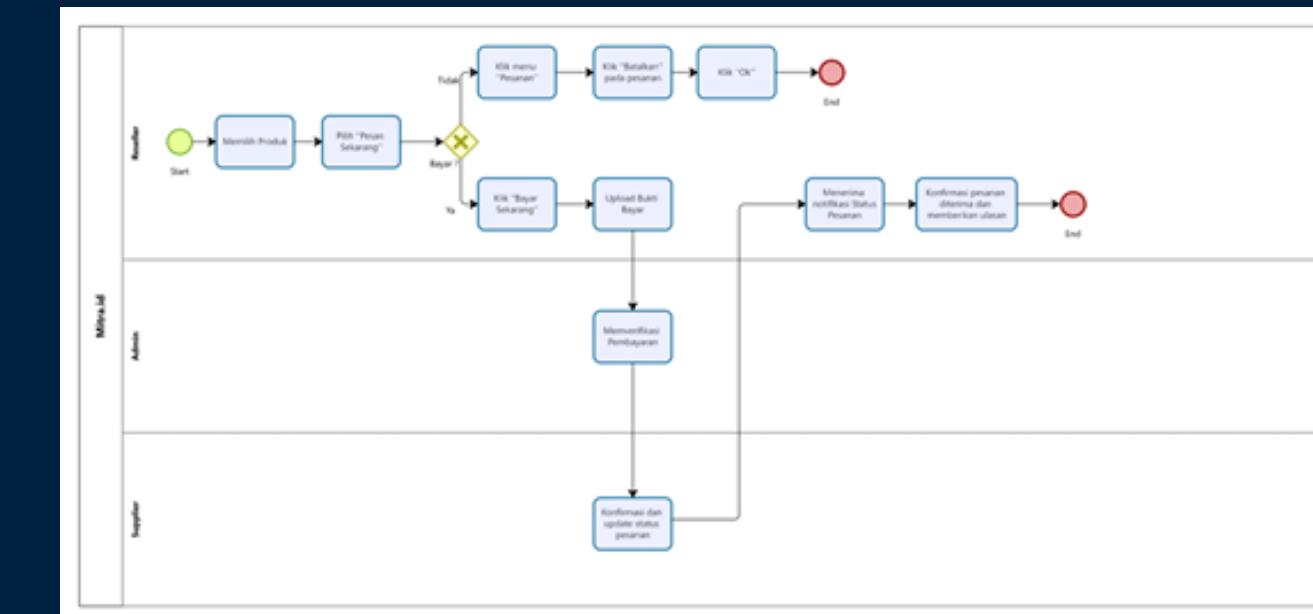

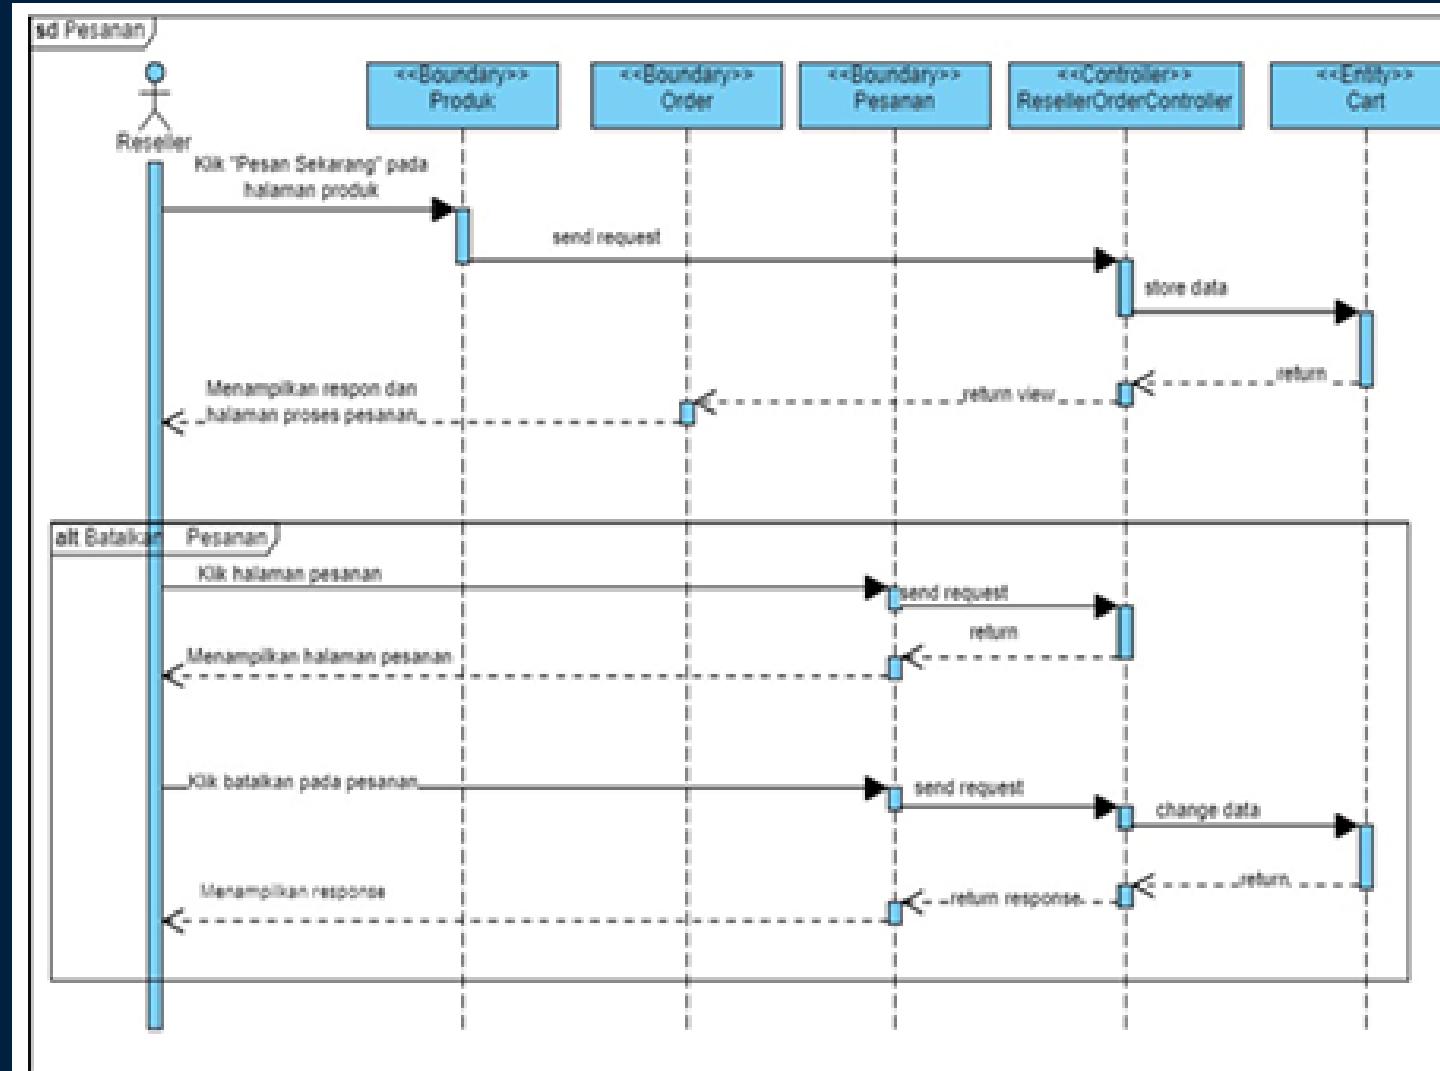

Tampilan Website

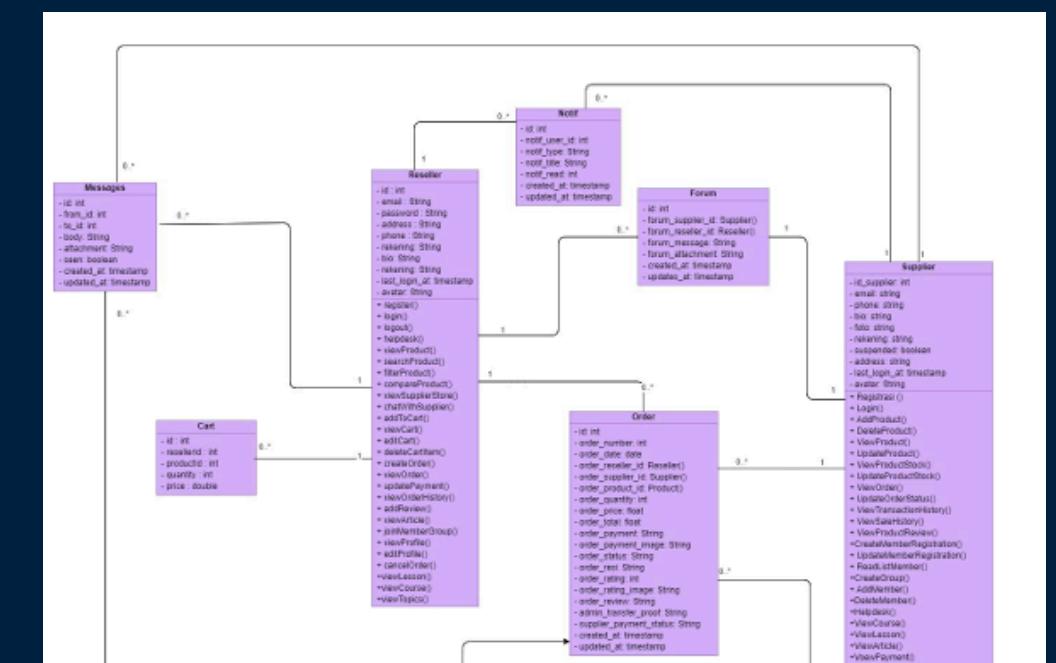

A screenshot of the MITRA.ID web application. The top navigation bar shows 'MITRA.ID / Toko / User Supplier'. The left sidebar lists 'Home', 'Bandingkan', 'Chat', 'Forum Member', 'Keranjang', 'Pesanan', 'Member', 'Course', 'FAQ', and 'Helpdesk'. The main content area has a 'Profil Supplier' section featuring a user icon, the name 'User Supplier Bio Supplier', a rating of 'Rating: 4.50', and a 'Chat Supplier' button. To the right is a 'Filter Produk' section with a search bar, category filters, and three product cards: 'Sabun Cuci' (Pembersihan), 'Serum Wajah' (Kecantikan), and 'Kripik singkong' (Makanan). Below these are two more partially visible product cards.

Designing, developing, and testing the Mitra.id application using PHP as the primary programming language. This application is designed to serve as a communication bridge between suppliers and resellers, adopting the Agile methodology (Extreme Programming) and UAT testing.
